## Clarifications/Amendment w.r.t. e-NIT 33 of 2019

S.NO	QUERY	CLARIFICATION
1.	<p><b>Annexure A Technical specifications 2MP Bullet camera</b>  <b>Certificates CE/BIS, FCC UL/BIS Must</b></p> <p><i>Underwriters Laboratories (UL) is a nationally recognized independent product safety testing and certification and is very important certification when manufactures are UL certified. This shows their continued commitment to safety and quality, hence UI Should be mandatory. CE certificate which are standard certificates declares that the product complies with the essential requirements of the relevant European health safety and environment protection legislation hence CE should be mandatory</i></p> <p><i>BIS is a national body which maintains quality safety and reliability of products in India which provides a safeguard to the public health quality assurance and products which should be mandatory thus request you make UL, CE, FCC, BIS as mandatory and amend the clause to certificates CE, FCC, UL, BIS must.</i></p>	<p>CE/BIS certification: Must  FCC certification: Must  UL certification: Must</p>
2.	<p><b>Annexure A Technical specifications 2MP Bullet camera</b>  <b>Power supply: DC 12 PoE (802.3af, Class 3)</b></p> <p><i>As varifocal focal length has been proposed in the tender varifocal lens requires more power than 15 volt which will not be sufficed by PoE IEE 802.3af which can provided by PoE IEE 802.3at thus requesting to provide an option of using either af or at standard depending on the OEM and amend the clause to Power supply DC 12V PoE (802. af/at, class 3)</i></p>	As per NIT
3.	<p><b>Annexure A Technical specifications 2MP Bullet camera</b>  <b>Power consumption 6.5W or better</b></p> <p>The standard power consumption required by a 2MP varifocal lens bullet cameras is about 20W which standard used in the industry thus requesting to amend the clause to power consumption 20W or better</p>	Power consumption 10W or less
4.	<p><b>Annexure A Technical specifications 8 Channel 4K NVR</b>  <b>Consumption (without hard disk) 10W</b></p> <p><i>For 8-Ch network video recorder, the standard power consumption required is of 15W thus requesting to amend the clause to consumption (without hard disk) 15W</i></p>	Power consumption (without hard disk) 15W or less
5.	<p><b>Annexure B OEM Pre-Qualification criteria</b>  <b>All systems and components must be in compliance of CE/BIS FCC and UL/BIS Certifications</b></p> <p><i>Underwriters Laboratories (UL) is a nationally recognized independent product safety certification organization. UL certification is world recognized as a leader in product safety, testing and certification and is</i></p>	<p>CE/BIS certification: Must  FCC certification: Must  UL certification: Must</p>

S.NO	QUERY	CLARIFICATION
	<p>very important certification. When manufacturers are UL certified this shows their continued commitment to safety and quality hence UL should be mandatory.</p> <p>CE certificate which are European standard certificates declares that the product complies with the essential requirements of the relevant European health safety and environmental protection legislation hence CE should be mandatory</p> <p>BIS is a national body which maintains quality, safety and reliability of products in India which provides a safeguard to the public health quality assurance and protecting the consumer from hazardous products which should be mandatory thus request you to make UL, CE, FCC, BIS as mandatory and amend the clause to all systems and components must be in compliance of CE, FCC, UL, and BIS Certifications</p>	
6.	<p><b>Annexure-A Technical Specifications</b> Please help to know the storage calculation parameters for 8 Ch NVR</p>	The NVR must provide storage for at least 30 days of recording.
7.	<p><b>Annexure-A Technical Specifications</b> Please help to know is there any central view and its storage required or not, if required please let us know the detail of software and how much storage required</p>	No central storage is required. However, at least 04 authorized clients should be able to view offsite through app or otherwise.
8.	<p><b>For quality OEM Criteria</b> Product quoted should be international repute &amp; enlisted in the IHS report. Any of the top 10 OEMs from the latest global IMS report for network security cameras/security cameras/intelligence cameras may be submitted</p>	Not required. IHS enlists market share and not quality.
9.	<p><b>OEM Criteria</b> OEM should have an ISO 9001:2008, ISO/IEC 27001:2013 and ISO 1400:2004 for manufacturing process. Documents needed to be attached along with the bid.</p>	As per NIT
10.	<p><b>OEM Criteria</b> OEM should have presence in India for more than 7 years</p>	Not accepted.
11.	<p><b>Additional OEM Pre-Qualification criteria</b> NVR and Camera should be of same make for easy integration OEM listed in top 10. HIS report should be considered for healthy competition. Since the cameras are to be installed at around 400 location across the J&amp;K service will be the main criteria. Hence top 10 His brands have wider presence in India from last years,</p>	Can be of same make but integration of the camera and NVR is the responsibility of the vendor. The system should work seamlessly.

S.NO	QUERY	CLARIFICATION
12.	<b>OEM Pre-Qualification Criteria</b> <i>To be Added</i> <i>CCTV OEM should be stock listed at any country in the world</i>	Not Accepted
13.	<i>Product Demonstrations.</i> <i>As requested, kindly ask for product demonstration after technical evaluation.</i>	Accepted.
14.	<b>Support NAS (NFS/SMB/CIFS), ANR</b> <i>Since NVR is asked in the solution so this feature is not kindly remove or make it optional or equivalent stands</i>	Must support NAS (NFS/SMB/CIFS), ANR or equivalent standard
15.	<b>ONVIF (profiles S&amp;G) ISAPI</b> <i>Since ONVIF is already asked in specs which is universal standard so asking for ISAPI is over loading on specs. Kindly remove it or make it optional</i>	Only ONVIF Profile S required
16.	<b>Should support SD card max up to 128 GB</b> <i>Please remove ANR as it may be specific to OEM to ANR or equivalent</i>	Must support ANR or equivalent standard.
17.	<b>Should connect 32 users</b> <i>It is impractical to get access to 32 users thus overwhelming to make facility for 32 users which par from security ping of view as well as for network as per industry standard 5-7 users are acceptable kindly remove 32 connect users as this is OEM Specific</i>	Should be able to connect up to 8 users however option for future scalability must be available.
18.	<b>Protection Level Min IP66</b> <i>IP 66 rating cameras are fully portended again have rair not required please as for IP66 rated cameras</i>	Accepted. Protection level IP66 minimum required.
19.	<b>Network Protocols TCP/DHCP. Cloud DNS DDMS NTP SADP SMTP NFS UNnP HTTPS</b> <i>Please remove SADP to make the specifications goner for equivalent standard</i>	Accepted.
20.	<b>Need to add this point in Pre-Qualification Criteria.</b> <i>(OEM Blacklisted Nationally or internationally Govt.org and PSU, will not be entertained.)</i>	OEM Blacklisted nationally by Govt. Organization or PSU will not be entertained.
21.	<b>To be added</b> <i>OEM should have presence in India for the past 5 years with fully equipped repair and maintenance centre and toll-free number (tenure not applicable for repair and maintenance centre) at such location that down time of system shall not be more than 72 hours.</i>	Same as in e-NIT. OEM should have presence in India for the past 5 years.
22.	<b>To be added</b> <i>Certificate of Non-Obsolescence: OEM must provide a certificate that the proposed model of CCTV products must not become obsolete within a period of 5 years, in case it gets EOL due to technology advancement then</i>	Accepted

S.NO	QUERY	CLARIFICATION
	<i>proposed model of CCTV products must not become obsolete within a period of 5 years, in case it gets EOL due to technology advancement then OEM will support with equivalent or higher model. Also, any product which is nearing the End of Sale (EoS) must not be proposed in the solution.</i>	
23.	<i>As the relaxations w.r.t FDI in India have been made in the last few years, most of the OEMs have recently started their direct investment in India. In this context we request to please relax the OEM Indian presence from 5 years to 2-3 years so that the major manufacturers from the same industry may participate in this esteemed project. OEM may also be asked to have the direct presence in India as a parent company instead of a joint venture or subsidiary.</i>	Same as in e-NIT. OEM should have presence in India for the past 5 years
24.	<b>To be added</b> <i>OEM company for camera/NVR should have its own company registered in India.</i>	Not Accepted.

**Amendment:**

1. **Clause 05 of Annexure C shall be read as under:**
  - i. Cumulative Turnover for 3 years of the bidder should be at least Rs. 09 Crores ending March 2019.
  - ii. Bidder should have the experience in the field of CCTV supply and installation and must have completed at least 03 projects with the cumulative worth of Rs. 05 Crore ending March 2019. At least one of the completed projects be in the Government Sector. The bidder should also submit the completion certificate to this effect.
2. 4 CIF camera, wherever mentioned in the e-NIT is not required and shall be deemed to have been removed from the bid document.
